DEAR COLLEAGUE

It is my pleasure to invite you to attend the **26th Annual Georgia Foot & Ankle Summit** on **May 16-18, 2024** at the **InterContinental Buckhead Atlanta** where you can earn 25 CECH.

Our three-day conference will cover the entire spectrum of foot and ankle care. We have curated a comprehensive program featuring keynote speakers who are at the forefront of groundbreaking research. They will host interactive workshops designed to enhance your practical skills, and give presentations that showcase the latest developments in the field. This year's diverse and engaging agenda will provide valuable insights and opportunities for professional growth.

Back by popular demand, we'll have a fireside chat and case review on Thursday afternoon during happy hour that will offer unique, challenging, and thought-provoking discussion on cases provided by your colleagues. This year's cadaver labs have been re-envisioned to facilitate more individualized training. You won't want to miss the risk management lecture on Thursday morning where PICA policyholders who attend will receive a 15% risk management premium discount.

Georgia Podiatric Medical Association's annual business meeting will be held on Thursday at 6:00 PM where members will receive an update on the association's activities. On Friday evening you are invited to attend our annual reception and enjoy cocktails and appetizers while connecting with your colleagues and industry members.

You'll also be able to visit our exhibit hall to explore and learn about new innovations, products, and services that you do not want to miss from top industry members. We are grateful for the support our industry partners provide us and the vital role that they play in our community.

You can register online at www.gapma.com/register. Should you have any questions, please contact us at 404.410.0018 or info@gapma.com. We hope to see you in May!

All my best,

Javan Bass, DPM, FACFAS

LEARNING OBJECTIVES

Upon the conclusion of the 26th Annual Georgia Foot & Ankle Summit, podiatric physicians will be able to:

- Develop a comprehensive understanding of various forefoot surgical techniques, including indications, patient selection, and postoperative management, to enhance surgical proficiency and patient outcomes.
- Acquire advanced knowledge and skills in rearfoot surgery, covering complex procedures, surgical decision-making, and the latest advancements in technology, fostering expertise in addressing rearfoot pathologies.
- Explore the intricacies of nerve surgery in podiatry, focusing on diagnosis, surgical interventions, and postoperative care for neuropathic conditions, neuropathy, and nerve entrapments to optimize patient neurologic outcomes.
- Gain specialized knowledge in podiatry dermatology, including the diagnosis and management of dermatological conditions affecting the lower extremities, emphasizing the integration of dermatologic principles into podiatric practice.
- Enhance wound care skills through a comprehensive understanding of wound healing, assessment, and evidence-based interventions, emphasizing a multidisciplinary approach to achieve optimal outcomes in lower extremity wound management.
- Develop a thorough understanding of podiatry-specific billing and coding practices, including documentation requirements, reimbursement guidelines, and compliance standards, to ensure accurate billing and maximize financial viability in podiatric practices.
- Improve radiological interpretation skills in the context of podiatric practice, covering diagnostic imaging modalities relevant to forefoot and rearfoot pathologies, enabling accurate diagnosis and effective communication with radiologists.
- Explore strategies for effective risk management in podiatry, addressing legal and ethical considerations, patient safety, and quality improvement initiatives, empowering practitioners to mitigate risks and enhance the overall safety of patient care.

JOIN US FOR COCKTAILS AND APPETIZERS

The Georgia Podiatric Medical Association Political Action Committee (GPMA-PAC) is a non-profit, bipartisan fundraising committee through which podiatrists support state candidates who champion podiatric medicine's issues before the Georgia General Assembly.

GPMA-PAC enables podiatric physicians to be effectively involved where public policy decisions are made that impact how healthcare is administered and regulated in Georgia. By combining resources through contributions to the GPMA-PAC, podiatric physicians gain a stronger voice for the profession, their practices, and the patients they serve.

When you consider the importance of legislation in creating the laws and regulations that govern nearly every aspect of our healthcare system, the importance of supporting those who advocate for podiatric physicians and their patients is clear. Help make sure the voice of podiatric medicine is heard when and where it counts!

PASSION LEAD US HERE

The APMA Political Action Committee (APMAPAC) is a nonprofit, bipartisan fundraising committee through which podiatrists support federal candidates who champion podiatric medicine's issues before the US Congress.

Because of the efforts of the APMAPAC and its parent organization, the American Podiatric Medical Association (APMA), the profession has gained a national presence as a political force in Washington, DC.

APMAPAC's role is to support candidates seeking Congressional office in the US House and Senate. The only other legal means for such support is through contributions made directly to a candidate by an individual.
